

CRC738 "Optimization of Conventional and Innovative Transplants"

Guests:

Prof. Dr. Christopher Baum

„Career.development@MHH: Institutional policy and measures“

&

Dr. Bärbel Miemietz

„Scientific opportunities for women at the MHH“

Thursday, Nov 2nd, 2017

5 p.m., Lecture Hall H

This lecture is part of the Collaborative Research Center 738 (CRC738) seminar series and is organized by the CRC738 female scientist network. MHH President, Prof. Dr. Christopher Baum, and the Officer for Gender Equality, Dr. Bärbel Miemietz, will discuss the development of scientific careers of men and women at MHH. There will be time for questions after the presentations.
